Chances are Star Mortgage will be able obtain better loan terms than the source you received your pre-approval from. This is why... We are a licensed conduit for multiple national lenders that do not have local offices. Our lending sources compete aggressively with local banks by offering lower interest rates. It doesn't cost you any more for this service because they also pay Star Mortgage a fee for procuring, servicing the customer and processing all the loan paperwork. The benefit is you get a better deal and superior customer service through a local company with access to multiple wholesale lending sources.

Call us today to see what we can do for you.
